HARDING FINDS IT DIFFICULT TO DODGE WORK

President-Elect Eagerly Scans Wireless Reports of U. S. Doings.

FRIENDLY WITH MEXICO

New Mexican President Will Get Co-operation of U. S. After March 4.

(By Raymond Clapper)
By United Press Leased Wire
Aboard steamship *Parismina*—Senator Harding, enroute to the canal zone for a vacation trip tried to settle down today to the task of doing nothing—but he found it difficult.

The wireless news reports which came in were scanned for word of what had occurred in the United States and elsewhere since the *Parismina* left Lismore last night and started ploughing across the blue waters of the Gulf of Mexico.

Harding strolled on the decks until last night, puffing at his pipe.

While at sea Harding will get out one or two souvenir editions of the *Marion Star*. There is a type setting outfit on board and the plan is for the senator to do the whole job himself, type setting and all.

The United Fruit steamship *Parismina* was completely overhauled for Senator Harding and its staterooms repainted and new fittings put in. Cut flowers were scattered in profusion through the presidential suite. A number of other passengers were on board in addition to the Harding party which included besides the president-elect and Mrs. Harding, Senator and Mrs. Frelinghuysen, New Jersey; Senator Hale, Maine; Dr. and Mrs. C. E. Sawyer, Marion, Ohio, and George B. Christian Jr., Harding's secretary.

Friendly With Mexico

Friendly relations with Mexico during the Harding administration were predicted by those close to the president-elect. Harding, they believe, will extend a happy hand to the Obregon administration in the hope of putting the country on its feet industrially and politically.

Gen. Obregon, it can be said, will assume power in Mexico with the best wishes of the incoming administration in the United States and there will be no attempt at interference from the northern side of the Rio Grande, other than such friendly assistance as may be desired by Mexico.

Motion Needs Peace

Senator Harding's position has already been made clear to Mexico where it is generally understood that as long as American rights and lives are respected there will be nothing to fear. Senator Harding's view is understood to be that what Mexico needs is peace and an opportunity to develop her schools and good roads and build up her farms which have been neglected during the last decade of revolutionary disturbances.

Recognition of Obregon's government is expected from President Wilson soon after the inauguration Nov. 30.

HAS \$50 000 ESTATE: FUNERAL COSTS \$100

(By United Press Leased Wire)

Norfolk, Va.—Disabled three days at sea, the steamer *Makadana* arrived in Hampton Roads today in tow of the steamer *Corson*.

But for the timely arrival of the *Corson*, it is believed the *Makadana* would have been driven ashore.

The *Makadana* was disabled during the gale Tuesday off Cape Hatteras, her boilers going out of commission.

Recognition of Obregon's government is expected from President Wilson soon after the inauguration Nov. 30.

No Increase In Price Of Steel Despite High Costs

(By United Press Leased Wire)

Los Angeles—Stanford Lenox Gordon, lawyer, author, Indian fighter and brigadier general, who died a week ago at the age of 83, directed that he remains be buried in the poorest suit of clothes he possessed and limited his funeral expenses to \$100, it was divulged in his will, filed today in the probate court here.

"I agree with the Chinese philosopher, 'better give a cup of water to the living than a feast to the dead,'" the instrument said.

The will bequeathed a \$50,000 estate to relatives, principally his three children and friends.

SOLDIER BONUS AT ONCE**

(By United Press Leased Wire)

St. Paul.—To help the producer get all that he can out of the marketing of his products was the aim of 600 delegates to the Farm Bureau Federation convention here today.

Executives of the federation outlined a program yesterday that was to be presented to the delegates today. The federation represents more than 50,000 farmers of the state. Their program is expected to be made the basis of a national farm bureau federation program when the American body meets at Indianapolis early in December.

President Potter opened today's session with his annual address in which he outlined what he believes should be done to help the farmers market their products to the very best advantage.

J. A. O. Preus, governor-elect, was to speak on cooperation. He is opposed to farmers going into business not related to production, and believes cooperative marketing, rather than ownership of distributing agencies, is the best thing for the producer.

**DISCIPLINARY STEPS
HALT CADETS' HAZING**

(By United Press Leased Wire)

Annapolis, Md.—Hazing has been halted at least temporarily by the stern measures taken by Admiral Scates, superintendent of the naval academy here.

The plebes today were still being kept in separate quarters from the other classes as a step to prevent hazing, and several boards of inquiry were ready to recommend further discharges of midshipmen guilty of the practice.

**MINNESOTA "U" GRADS
GATHER FOR BIG GAME**

(By United Press Leased Wire)

St. Paul.—The biggest gathering of Minnesota's home-coming week will be tonight when "grads" and "old grads" get together for a banquet and jubilee.

Tomorrow the Minnesota footballers go against Michigan at Northrop field, hoping to win a conference game before the season ends.

The Gophers hold last place in the conference standing, while Michigan

has won one and lost two games.

CONSOLIDATION OF SCHOOLS FAVORED

Debate in Woodlawn School Points Out Methods of Consolidating.

Consolidation of rural schools is preferable to the one room country schools, it was decided by judges in the debate at Woodlawn school, town of Grand Chute, Thursday afternoon. The judges gave a decision favoring the affirmative debators.

The winners were Miss Lucile Rohm, Miss Leona Maas and Wade Letts. They argued that if the nine

schools in the township were consolidated into one large school, there would be enough teachers for eight grades, and a principal besides. The fuel used by eight buildings could be saved and provide enough to pay the salary of a janitor.

It was also argued that the town of Grand Chute owned enough land to provide a school site. A three-acre plot in front of the cemetery could be used for this purpose. The old buildings and grounds could be sold to help pay for the new building.

The negative side was upheld by Miss Eva Mossholder, Miss Helen Gillespie and Henry Haferbecker. They argued that the farmers would not have time to take the pupils to schools so far away, but the affirmative debators refuted by saying the teachers could live in different parts of the township and drive the busses. It was also said that the rides would be too long and the children would become cold in the winter.

The judges were Mrs. Edward Miller, Mrs. William Miller and Miss Ma bel Gillespie. F. W. Miller, who attended the Woodlawn school 55 years ago, also gave a talk.

BEG PARDON

The meeting of the Star League will be held at 6:30 o'clock Sunday evening instead of 6:30 Sunday morning.

Through a typographical error the entry fee for the Elk's bowling tournament was announced as \$3.50 instead of \$2.50 in Thursday's Post-Crescent.

The task of the pools committee is to organize the members of the school into groups of from ten to 25 members. These groups are made up of members who volunteer to go together, each member contributing a certain amount which shall be used by the leader whom they select to do their bidding. This method is made necessary because of the impossibility of disposing of the quantities of articles to be offered for sale, individually.

The plan is to make up lots, for example fifteen pounds of candy which will be purchased by the leader of the pool and divided by him among the members.

Excitement over the formation of the pools is running high and many names are being adopted as slogans of the groups, among them being such as Swimming Pool, Kelly Pool, Municipal Pool, Ginger Snaps and so forth, and it is expected that the rivalry between them next Wednesday will produce much fun.

Pools are not only being formed in the school but already one or two organizations from the city have signified their intentions of sending representatives to bid for them.

MANY DONATIONS TO SCHOOL SALE

Formation of "Bidding Pools" Induces Friendly Rivalry in School.

Excellent progress is being made in the work of organization for the "senior auction" at Appleton High school, next Wednesday afternoon. Donations continue to pour in making the work of the pools committee very important. This committee is composed of the following: Ann Dougherty, chairman, Marie Morris, Babette Marshall, Merle McCullion, Russel Skeel, Walter Zschaeffer, Daniel Courtney, Alice Landers.

The task of the pools committee is to organize the members of the school into groups of from ten to 25 members. These groups are made up of members who volunteer to go together, each member contributing a certain amount which shall be used by the leader whom they select to do their bidding. URGE HI-Y BOYS TO SET THE PACE

Heads of High and Vocation Schools Address Young Men.

Lee E. Rasey, superintendent of the high school, and W. S. Ford, vocational director, were among the speakers at the first annual banquet of the Appleton Hi-Y Club Thursday evening at the Y. M. C. A. Supper was served to 24 people.

Mr. Rasey's subject was "The Place of the Hi-Y Club in the High School."

He told of the club that he had been connected with and the work that had been accomplished by them. He called attention to the fact that the high school in three or four years will reflect the kind of leadership that is being developed now. The speaker gave instances of things that could be corrected by the Hi-Y, and he ended with an appeal to the organization to get to work and correct those things.

W. S. Ford, chairman of the boys' work committee, spoke on "The Place of the Hi-Y in the Community." Mr. Ford said that the life of the boys of the community was moulded entirely upon the conduct of the high school boys. So far as their conduct is good and their morals clean, so will the con-

duct and morals of the other boys be measured.

Ralph Mullenix, president of the Hi-Y club, in response, extended an invitation to all boys of the high school to join the club. He said that the invitation applied only to those boys who are of good living and the right ideals.

Paul H. Wright expresses his opinion that the Hi-Y club in Appleton will this year become bigger and better than it was at any time in the past.

COUNTY SCHOOL BOARDS
MEET HERE TOMORROW

The annual convention of members of school district boards of the southern part of the county will be held at Eagle hall Saturday. A. G. Meating, county superintendent of schools, will be in charge and will be assisted by a state school official. A similar convention was held at Seymour Friday.

Work on Tax Budget
The committee of the whole of the common council held an informal session at the city hall Friday evening for the purpose of working on the annual tax budget which is to come up for adoption at the adjourned meeting next Monday evening.

E. W. Miller of Milwaukee, was a business visitor here Thursday.

WHAT'S YOUR HUSBAND DOING?

SILVERWOOD AND SCHULTZ RETIRE FROM ROAD BOARD

Two Highway Commissioners Refuse to Be Candidates for Re-election.

P. W. Silverwood, chairman of the county, state road and bridge committee for the last six years, to whose untiring efforts perhaps more than to any other person the county owes its good roads, refused to permit his name to go before the county board Friday morning for re-election. George F. Fiedler of Seymour was elected to succeed him. Charles Sievert of Seymour and Mr. Fiedler were tied on the first ballot, each receiving nineteen votes.

Charles Schultz of Hortonville also refused to run again, and I. J. Werner

of Ellington was elected to succeed him. John Diderich was re-elected over C. S. Little by a vote of 20 to 16. D. J. Ryan of Buchanan and C. G. Ballhorn of Bear Creek were re-elected. The committee will elect its chairman at a meeting to be held within the next few days.

The clerk was instructed to cast a unanimous ballot for A. G. Brusewitz as county highway commissioner to succeed himself for the coming year. The members turned down the county agricultural representative proposition by a vote of 27 to 12.

A resolution relating to the prompt payment of several thousand dollars on a paving contract to which Kaukauna has been entitled for several years, was adopted after the chair had called the attorney representing the city to task for making insinuations that reflected on members of the county, state road and bridge committee.

On account of the amount of business to be disposed of before the board adjourned Saturday, a recess was taken until 1:30 o'clock Friday afternoon.

Repair Freedom Roads

Farmers in the town of Freedom are putting their roads into first class shape before snow arrives. Many of the bad spots are being filled with gravel and considerable grading is to be done. No patrolmen were employed by the township this summer, the farmers preferring to do the work this fall after their farm labors were completed.

Albin Anderson of Kimberly was a business visitor here Thursday.

Miss Viola Slater of Kaukauna, visited in the city Wednesday. The Misses Alvira and Valoura Krull of Black Creek, were visitors in Appleton Thursday.

MUCH INTEREST IN PLANNING LECTURE

Dr. Fairfield and J. G. Rosebush to Be Speakers at Forum Meeting.

Much interest has been aroused in the discussion of city planning by Judson G. Rosebush and Dr. O. P. Fairfield at Lawrence Memorial Chapel Sunday evening under auspices of

POULTRY FAIR at Gainor's, Mackville, Sunday, Nov. 21st.

Appleton Public Forum. Both men have made a careful study of the problems and are well qualified to discuss it.

Dr. Fairfield, in his travels in Europe and America, has made observations of city planning, city lighting and other phases of the problem. Each speaker will discuss some phase of the work so that the entire study will be covered.

PHONOGRAPH DONATED TO THE WOMAN'S CLUB

The girls of the recreation department believe it "Pays To Advertise." A splendid Pathophone, Model 7 was presented by Schlinz Brothers to the club, Thursday afternoon. Tuesday evening an offer was made to the club of a machine for \$25.00. They waited, hoping for some good Santa Claus to appear. When the machine arrived, they were overjoyed, and the Patho has been "busy" ever since.

Mr. Schlinz said that he had often passed by the Woman's club rooms and seen the girls dancing without any machine. Now the girls are thinking that Christmas has come earlier than usual this year.

A beautiful desk set to match the furnishings of the room also was donated Thursday. The little set adds much to the attractiveness and usefulness of the desk.

Mrs. George Jones, who submitted to an operation two weeks ago at St. Elizabeth hospital, was moved to her home in Hortonville Thursday.

Miss Adela Schroeder of Shiocton, visited friends in Appleton Thursday.

The board of The Woman's Club met at four o'clock Thursday afternoon at the Woman's Club rooms.

Charles Rosenthal and son of Clintonville, were in the city on business Thursday.

WANT EVERYBODY TO JOIN RED CROSS

Saturday is Set Aside as Enrollment Day for Those Overlooked.

Saturday afternoon and evening have been set aside by the Outagamie Red Cross chapter as the time when those who have not been reached through solicitors will have opportunity to renew their memberships. The

headquarters in the Sherman house will be open all afternoon and evening for this purpose.

Mrs. B. W. Wells, roll call chairman, states that many people were not reached by the solicitors because of the canvass being confined entirely to homes. Those who are employed during the day and those who are roomers are the ones whose membership renewals were missing. These people are asked to leave their dollars at the headquarters or mail them. Solicitors will be sent to any home in answer to telephone calls where the persons is unable to come himself.

A report on the exact number of memberships will be compiled soon so the chapter will know how near it has come to its goal for 1921. Solicitors have devoted the week to hard work and are expected to make a commendable showing.

SILVERWOOD AND SCHULTZ RETIRE FROM ROAD BOARD

Two Highway Commissioners Refuse to Be Candidates for Re-election.

P. W. Silverwood, chairman of the county, state road and bridge committee for the last six years, to whose untiring efforts perhaps more than to any other person the county owes its good roads, refused to permit his name to go before the county board Friday morning for re-election. George F. Fiedler of Seymour was elected to succeed him. Charles Sievert of Seymour and Mr. Fiedler were tied on the first ballot, each receiving nineteen votes.

Charles Schultz of Hortonville also refused to run again, and I. J. Werner

Repair Freedom Roads

Farmers in the town of Freedom are putting their roads into first class shape before snow arrives. Many of the bad spots are being filled with gravel and considerable grading is to be done. THE GREAT ASSEMBLY

The cable dispatches state that all Geneva prayed as the assembly of the League of Nations convened in that city. A large part of the world may not be in the habit of praying, but all the world may well pray for the success of any organized attempt to prevent desolating wars. An effort in itself so noble, so remote from the internal politics of any one country, deserves the respect and good will of all mankind, however slow it may be in getting really on its feet in consequence of the jealousies and conflicting interests of nations. The risks of serious dissension and consequent disaster make it desirable as well as inevitable that the League should at first move slowly and cautiously, pending the establishment of its prestige.

One difficulty at the start is that Germany has expressed a desire to join and France has filed an objection. It matters little that Russia, Turkey and Mexico are still outside. It matters much that the United States stands aloof. But even without these—even without the United States—a benevolently disposed League of forty-odd nations ought soon to perform useful service and ultimately accomplish much for the good of the world. The reported attitude of the assembly toward this great country "is that the League of Nations must go on whether the United States comes in or not, but that it must be developed in a way that will not close the door for entry when means are found to make that possible." Meanwhile, both in and out of this country, those who want world-peace can hardly fail to hope that means will in due time be found to make that possible.

Any disposition to speak slightingly of the deliberations of the assembly itself betrays a spirit which is not in harmony with the efforts to promote peace, and which misconstrues entirely the aims and hopes of those gathered at Geneva in this great undertaking. There are men of militaristic views in every country, our own included. There is the untrustworthy politician and the unscrupulous diplomat. Possibly some of these have found their way into the membership of the League assembly. However this may be, the great majority, practically all, of the men assembled at Geneva are actuated by the single lofty purpose of substituting peace for war in the future relationships of nations. Unless we hold that human life is nothing, and that it is better to slaughter millions of men for the decision of controversies and the satisfaction of greed and selfishness, no undertaking of such great importance to the world has ever been entered upon as that embodied in the coming together of representatives of more than forty nations seeking ways to abolish appeals to the sword. Any person who makes light of such an event or such an institution has a weak conception of the foundations on which Christian civilization rests.

EXACT DEFINITIONS NEEDED

The Volstead act declares it to be unlawful "to advertise, manufacture, sell or possess for sale any utensil, contrivance, machine, preparation, compound, tablet, substance, formula, direction or recipe, advertised, designed or intended for use in the unlawful manufacture of intoxicating liquor," but does it forbid home manufacture of intoxicants for home use alone, of which there is so much in progress? Does it forbid the sale of raisins, rye, corn meal, etc., which are employed under the numerous recipes for making home brews? Does it provide that a man can be arraigned and

fined merely for "having liquor in his house?" Exact and authoritative definitions are much needed. The federal prohibition commissioner has announced his purpose to prevent the sale of hops and malt except to registered manufacturers, but local interpreters of the law do not stop at this and are attempting to bring government regulation into privacy of individual homes. For example, a Macon, Ga., man has been fined \$150 merely for "having liquor in his house."

A murder is all in the day's happenings and is accepted calmly as a matter of course, but the sale of a drink is something to make the elect sit up and take notice and send out a general alarm. The world long ago realized that murder, theft, arson, etc., could not be stopped altogether, but prohibition, being a new crusade, is apt to go to extremes. No doubt in time its zealots will learn that extreme measures hurt the cause itself by piling up a volume of popular resentment difficult to deal with. It is well to remember that under the fundamental law of most nations, including our own, the citizen's home is still his castle.

STILL AT IT

Among American Veterans of the great war one frequently hears the wish expressed that it had lasted longer "so that it could have been finished." This belief that the aggressive military spirit of Germany was not really suppressed is confirmed by the attitude of no few Germans. Bernhardi, for example, is still discussing plans for aggressive German militarism. He will be remembered as the author of "Germany and the Next War," in which, before 1914, he frankly discussed Germany's plans for dominating the world by force, plans for the subjugation of France, England, and possibly even the United States. He has now published another book, "War in the Future," which shows no change of viewpoint or purpose, and in which, as to plans for raising a large army even under present conditions, he says:

Despite the present peace terms the U-boat weapon must be developed to the utmost. That this and the formation of an army are possible are proved by what happened in the years after 1806, when Prussia, under the very eyes of the French garrison on her territory trained 200,000 men instead of 42,000 allowed her. This historical example proves once more, as do so many other examples, that every political policy which aims at achieving anything must always be, so to speak, an offensive policy.

Bernhardi asserts that deception is the fine art of diplomacy. He maintains that it is not only the right of nations to deceive others in their political relationship, but that that nation which is the most successful in the practice of dishonesty is most likely to hold international prestige and certainly to control in the development of a militaristic policy. Those persons in the United States who have so quickly forgotten the menace to the whole world of Prussian militarism, and who are disposed to have Germany relieved of the restrictions placed upon her to prevent the rebuilding of another similar power for similar purposes are playing into the hands of the junker element which still survives and is plotting against peace. The victors in the World war would do well to keep their eyes open, for it already is reported there is a movement in Bavaria to organize an armed militia, prepared at any time to take the field, which is spreading to other parts of Germany, notwithstanding the fact that this is a glaring evasion of the spirit of a peace treaty for the most part yet to be enforced.

FIRST LADIES OF THE LAND

Came March fourth and there'll be a new "First Lady of the Land," Mrs. Warren G. Harding. The first mistress of the White House was Mrs. Abigail Adams, wife of John Adams. Then the White House was called the "Palace."

Mrs. Adams carved for herself a high niche in the hall of fame by being the only First Lady of the Land to hang out the family wash in the East Room of the White House.

Dolly Madison was the second First Lady in the White House, Thomas Jefferson being a widower. Dolly reigned during the Jefferson and Madison administration, and played a heroic part when the British burned the national capital.

Mrs. Grover Cleveland was the first First Lady of the Land bride. She now is Mrs. James M. Preston.

Mrs. Rutherford B. Hayes, was the first First Lady to refuse to serve wine at White House dinner.

The first First Lady, Mrs. Washington, never lived in the White House, built after her husband retired from the presidency.

Three ex-widows have played prominent roles as First Ladies. Mrs. Washington, Mrs. Madison, and the present mistress of the White House, were widows when married to the men who became chief executives of the nation.

The only living women who have been First Ladies of the Land are Mrs. W. H. Taft, Mrs. James M. Preston (Mrs. Cleveland), Mrs. Theodore Roosevelt and Mrs. Benjamin Harrison.

RUNNING ALL THE TIME

What makes a person have a cold all the time? Query propounded by a new reader.

One doesn't. It just seems all the time. Exaggeration is an inherent human trait. If we lose an hour or two of our regular night's sleep we swear next morning that we haven't slept a wink. If we have an ordinary attack of appendicitis or something, our nurse and doctor assure us a week later it was the worst case they have ever seen. If one or two rascals give us a bad deal we conclude that the whole world is wicked. If we have more than two attacks of coryza in a season we declare that we are running all the time. If we have such an indisposition in fine warm weather we are not much frightened and we say little about it; but if the weather happens to be inclement when we are so indisposed we are volatile about it, hence the popularity of the catching cold delusion. Has anyone ever found a climate, a season or a place in the sun where there are no respiratory infections or where there is less illness therefrom per thousand population than the average? If he has he keeps the secret well.

Coryza is an acute inflammation of the lining of the nose chambers invariably due to infection. Not every alleged "cold in the head" is coryza. Victims of chronic or permanent diseased conditions of the nose chamber linings or of the several spaces or sinuses (air chambers) communicating with the nose chambers are abnormally sensitive to and they react abnormally to atmospheric changes, temperature changes and changes of clothing. They experience a stuffiness, an engorgement or congestion of the nose chambers and perhaps increased secretion or running at the nose from trifling alterations of external or surface conditions, and they thoughtlessly say, "I'm taking cold" or "I'm catching more cold," although the unpleasant symptoms disappear within minutes or an hour after restoration of the usual surface conditions. Not so with coryza; when you have coryza you have it good and proper for a few days. The sad part of it is though, that easy going folks who think in the channels set for them believe what these misguided chronic say and conclude that you do take cold from drafts, dampness, change of weather or change of clothing.

Another superstition holds sway reason hasn't a chance. The stuffiness and running at the nose, which these unthinking chronic so lightly call a "fresh cold," is purely mechanical. There is no actual inflammation and no actual disturbance of health—no feverishness, no aches or pains, no malaise, nothing, in fact, that warrants the conclusion that drafts, dampness or other atmospheric factors have any causative effect on diseases of the breathing organs. Indeed, no evidence has been found to support the theory that congestion or engorgement of a part of the body with blood favors or predisposes to inflammation of that part.

Some chronic disease condition makes a person imagine he has a "cold" all the time. QUESTIONS AND ANSWERS

Removing Stain from the Teeth

Please tell me what will remove a greenish stain on the teeth near the gums, and also whiten the teeth. (Miss C. R.)

ANSWER—Brush the teeth with two or three drops of tincture of iodine on the wet brush. Follow this immediately with a brushing with a few drops of aromatic spirits of ammonia on the wet brush. Then brush with a few drops of peroxide of hydrogen on the wet brush. Do this perhaps three days in succession, as often as may be necessary. Onions

As I am very fond of onions, would like to know whether they are wholesome? Do you think walking outdoors is better for the health than exercising in a gymnasium? (M. H.)

ANSWER—Onions are wholesome, slightly laxative, rich in vitamins, contain food, iron, antiseptic (prevent scurvy). The fancied sleep-producing effect of onions is doubtful. In my judgment walking in the open air is better than any gymnasium exercise for the general health.

Feavel-Hendricks Nuptials
The marriage of Miss Gladys Feavel, daughter of Mr. and Mrs. Oliver Feavel, Lawe street, and Myron J. Hendricks was solemnized at 2:30 o'clock Wednesday afternoon at the home of the groom's parents, Mr. and Mrs. William Pye, 737 Jackson street. The ceremony was performed by Dr. H. E. Peabody in the presence of 60 guests. The bride wore a gown of pink georgette crepe and a wedding veil caught up with pearls. She carried a shower bouquet of roses. Miss Erna Peotter acted as bridesmaid and

Miss Mabel Kranzsch as maid of honor, both carrying bouquets of roses and carnations. The groom was attended by Ernest Schluka and William Dessoer. The home was attractively decorated in pink and white for the occasion.

A wedding supper was served following the ceremony and dancing was enjoyed during the evening. The bridal pair left on a honeymoon trip to Milwaukee, Chicago and Neopt. They will make their home at 737 Jackson street, planning to return after Thanksgiving.

Musical Program

The music department of the Woman's Club presented a Thanksgiving program Thursday afternoon at the Vocational school. Miss Doris Brenner played three piano compositions by Edward McDowell, "By the Sea"; "A Wandering Iceberg", and "The Pilgrim." Mrs. J. P. Frank sang the "Song of Thanksgiving" by Farns Allisent, and Mrs. P. A. Paulson read excerpts on Thanksgiving music. The program was followed by an informal discussion of musical history.

Chapped Hands are Uncomfortable

and unnecessary, for there is Delicine. Keeping a bottle of Delicine always handy, and using it after washing the hands, and after coming in from the cold, will mean cool, soft hands that are never chapped!

Delicine is not like the ordinary hand lotion. It has unusual curative and healing qualities that make it invaluable.

And Delicine has a number of uses—for use after shaving, for chapped, roughened skin, and as a base for powder, it is unequalled.

ALTER BUILDING FOR STATE'S USE

Industrial Board and Others
to Have Offices in New
Quarters.

(Special to Post-Crescent)

Madison.—Plans for the remodeling of the Overland building, which has been leased to the state for office purposes for six years, will be perfected this week and a force of carpenters will be put to work at once preparing it for the various departments which will be moved from the capitol before the legislature meets.

At the present time 36 of the legislative offices and committee rooms are being used for office purposes and there is not a vacant room in the \$7,000,000 capitol. Unable to secure sufficient space in the several buildings which have been used by the state during former legislative sessions, M. F. Blumfeld, superintendent of public property made an effort to lease the entire Overland building and had agreed on terms of the lease when the owners determined to sell instead. Forced to act at once he then announced two frame barracks would be erected on the beautiful capitol park which brought forth such a protest from the citizens of Madison that a new company was hastily formed to purchase the Overland building and lease it to the state.

The second and third floors will be occupied for the present by various departments of the state, with the possibility that in time the two upper floors will be turned over to the Department of Agriculture, Division of Markets and Dairy and Food Commission with their various divisions, all more or less related. This will then leave room in the capitol for the others who are now occupying the legislative offices.

It is believed the members of the legislature will see the necessity of erecting an office building to be completed when the lease on the Overland building expires.

The average annual tax burden for each person in France is now 42 francs each.

The German government has bought for cash 22,046,000 pounds of lard at a cost of 24 cents a pound.

Do You Know a Baby Sick With Constipation

Tell the mother to give half a teaspoonful of Dr. Caldwell's Syrup Pepin.

No thoughtful mother with children in the house will risk being without a good, reliable laxative. It will save many a serious illness, many a doctor's visit.

When the baby cries and is fretful, when the boy has no appetite and won't play, when the girl is listless and feverish, when there are complaints of headaches and colds, the mother can suspect constipation. Give Dr. Caldwell's Syrup Pepin in the small dose prescribed on the bottle, when you put the child to bed, and with morning the ailment will have disappeared.

Dr. Caldwell's Syrup Pepin is a popular compound of Egyptian Senna and other simple laxative herbs with pepin and pleasant-tasting aromatics. It acts gently and mildly, and children take it without objection. A sixty-cent bottle is enough to last an average family many months. The ingredients are endorsed in the U. S. Pharmacopoeia, and last year American mothers bought over eight million bottles of Dr. Caldwell's Syrup Pepin from druggists. It is the largest selling liquid laxative in the world, and few cautious families are ever without it.

TRY IT FREE
Send me your name and address and I will send you a free trial bottle of my Syrup Pepin. Address me Dr. W. B. Caldwell, 512 Washington Street, Monticello, Illinois. Every body now and then needs a laxative, and it is well to know the best. Write me today.

TWO FARMERS' STORES ROBBED ON SAME NIGHT

Cameron—On Sunday night burglars entered the Farmers' store here and took goods of an estimated value of \$3,500. They took all the silk and silk ribbon in the house, a large quantity of neckties, handkerchiefs, furs, sheep lined coats, mackinaws and one gun. To gain entrance, they broke a large window. The same night robbers broke into the Farmers' store in Chetek and stole a number of revolvers. The value of the goods taken will not exceed \$200. It is believed that the two robberies were not made by the same persons.

visions of other departments, with the possibility that in time the two upper floors will be turned over to the Department of Agriculture, Division of Markets and Dairy and Food Commission with their various divisions, all more or less related. This will then leave room in the real estate business and was easily the choice for sergeant in 1917 and had no opposition in 1919. He is the favorite for the office for the 1921 session, according to reports received here.

The selection of the speaker and sergeant of the Assembly will be the first thing on the program when the legislature convenes in two months and it will likewise give the first real insight into the political complexion of the lower house.

Riley Young, Darien, speaker of the 1919 session and a candidate for re-election, will undoubtedly have opposition, but is generally conceded to have the office clinched, despite the fact that Walworth county was one of the very few which were antagonistic to the new administration in the recent election. Mr. Young was admitted to have been fair to all parties in his rulings during the last session and will have the solid support of republicans who were in the 1919 session to start with.

C. E. Shafer, Madison, who has served as chief clerk of the Assembly since the 1907 session, will undoubtedly be re-elected without opposition, as will Col. O. G. Munson, Virgona, as chief clerk of the Senate, which position he has held since 1915, when he was elected without his knowledge. He has had more legislative experience than any other man in Wisconsin, having been connected with the upper house in practically every session since 1881, serving as a member for twelve years.

To date no one has announced his candidacy for sergeant-at-arms of the Senate to succeed Col. John Turner, Mauston, recently appointed superintendent of the Soldiers Home at Waupaca.

PLAN INAUGURATION OF NEW STATE OFFICIALS

ABOLISH OFFICE RATHER THAN INCREASE SALARY

Madison—Inaugural ceremonies to induce the new state officers will be held at Madison, Jan. 3. The ceremonies will follow the plan of six years ago when Gov. Philipp was inducted into office. Governor-elect Blaine and other officers will take the oath of office in the assembly chamber before Chief Justice R. G. Siebecker. It is understood that W. R. Ragley,

Dance Sunday, November 21 at Hampel's Corners. Shallberg's Jazz Orchestra will furnish music. Refreshments served.

Madison, who has acted as chief of inaugural ceremonies for many of Wisconsin's governors, will probably be selected chief of ceremonies. Each of the officers will in turn be taken before the chief justice. During the afternoon there will be reception, with a dance and inaugural ball in the capitol in the evening.

Mr. Blaine has returned from Boscombe where he has been spending a week on his farm. Within a few days he expects to meet with the board of public affairs to familiarize himself with the financial condition of the state. The legislature convenes on the second Wednesday in January.

JOHNSON PLURALITY SETS A NEW RECORD

(Special to Post-Crescent)

Madison, Wis.—With the receipt of the official election figures from Milwaukee county Thursday afternoon the clerks in the office of the secretary of state will complete the tabulation of the result of the recent election today and the state canvassing board, composed of the secretary of state, state treasurer and attorney general, will meet tonight to officially canvas the vote and order the certificates of election delivered.

The official vote for governor, announced late Thursday evening was: McCoy, 247,746; Tubbs, 6,047; Blaine, 366,247; Coleman, 71,126; Blaine's plurality 118,501. Scattering 123. Total vote for governor 649,705.

For State Treasurer: Egerer, 35,888; Mott, 8,232; Johnson, 468,811; Bauerfeind, 75,527; scattering 33. Johnson's plurality, 382,998.

Johnson's plurality is the largest ever given any candidate in Wisconsin and it probably will stand for a great many years, that in spite of the fact that Johnson was elected for the 8th consecutive term.

SMALL CHANCE FOR NEW LONDON DEPOT

Not Probable Railroad Commis-
sion Will Issue Order for
New Structure.

Madison—Although New London will probably see its Northwestern Railway depot improved in the near future, it is doubtful if a new station will be constructed under the present conditions.

Following a hearing on the matter before the Railroad Commission last week, it was reported that an official stated but one city on the division had a depot in worse condition than New London, and that exception was said to have been Hurley. It is said however, that while the railroad company is willing to make a number of needed improvements and repairs to the present building at New London, it will bitterly oppose any order for a new station for some time to come, on the grounds that it is financially unable to make the expenditure which would be required for a new depot.

The matter has been referred to the engineering department of the Railroad Commission for a survey and report with recommendations after taking everything into consideration. This report is not expected for some time.

ALLEGED BURGLARS ARE CAPTURED BY SHERIFF

Chippewa Falls—Sheriff Kilpatrick on Wednesday arrested two men who were living in a shack twenty miles north of this city and who are believed to have carried on a series of robberies of stores and postoffices in this locality recently, the most recent being at Cameron on Monday. The men gave their names as Fred Coleman and Frank Robertson. When the sheriff appeared at the shack and commanded them to open the door they covered him with guns, but the sheriff overpowered both men and took their guns away. In the shack were found several thousand dollars worth of new articles stolen from stores, it is said.

Do Your Children Go to Church?

Your father and grandfather believed in religion and prayer. The Bible went westward with rifles and axes in prairie schooners. But will the next generation try to get along without religion? Even today we are not a church-going nation. Only one in every three of the 1,600,000,000 human beings on this earth are nominal worshippers of the God of the Jews and Gentiles.

A century or half a century from now will the United States be classed among the nations that believe in God?

Make your Washing Machine more efficient

A Lasting Lather

Ajax Naphtha Chips make more and stiffer lather than any other soap—lather which needs no renewing. This enduring lather needs no aid in getting all the dirt from the average soiled clothes. Pure soap plus Olive Oil, plus Naphtha equals washing machine efficiency.

Pure Soap—All Soap

Because Ajax Chips are all soap, 100 per cent pure, because they contain no adulterants and no impurities, they won't injure fabrics, nor fade delicate colors.

Because they are pure soap and all soap they go twice as far as other kinds. In addition they come in an extra size economy package containing five times the quantity of most others.

Every owner of a washing machine should get a package of Ajax Naphtha Chips before next wash day. The right soap

Margarine Is Like Butter

There are many grades of butter. There are also many grades of Margarine.
All Margarine is not alike. "GOOD LUCK" Margarine churned by JOHN
F. JELKE isPositively The Highest Quality
Margarine ChurnedThis is an established fact. It is even admitted by every other manufacturer
of Margarine in the country. There some manufacturers of Margarine
who are bold enough to claim that their product is AS GOOD AS
"JELKE'S GOOD LUCK" but there has never been a single one who has
ever claimed that his product was better. What is the reason? Figure it out
yourself.

To further convince you of the superiority of the quality of

"Jelke's Good Luck
Margarine"over any other brand on the market, we ask that you spread "GOOD LUCK
MARGARINE" over hot toast, hot crackers, or hot potatoes. Heat is the
supreme test for butter. Judge the result yourself. No other manufacturer
dares to ask you to make such a drastic test.There are no premiums, there are no free goods given away with "JELKE'S
GOOD LUCK." It is sold strictly on its very own merits only.Remember Jelke's Good Luck

C. OF C. HEARS TAX OFFICIAL SPEAK

First of Series of Tax Lectures Is Delivered at Vocational School.

More than 100 business men were at the vocational school Wednesday evening to hear the federal taxation address by W. H. Sprague, chief field deputy for Wisconsin. Mr. Sprague took up merchandise taxes in particular and expects to return here December 15 to present the matter of income tax. His lectures are in the series arranged by the chamber of commerce on the subject of taxation. John Morgan was chairman of the meeting.

The speaker took some time at the opening of his address to tell his hearers about the collector's office and its functions. He told how taxation matters were handled, and how the state office coordinated its work with that of the treasury department at Washington. He also explained the new division office system by which branches are maintained in various Wisconsin centers to assist business men and individuals in their tax problems. Appleton has one of the branch offices.

The speaker then reviewed many of the essential things the average business man should know about these two classes of taxes. He went into greatest detail concerning taxes on merchandise, toilet articles, automobiles and those fees coming under the head of monthly taxes.

The auditors were urged to write a full account of any matter about which they were in doubt when submitting tax returns. This would show the state and national offices that the taxpayer was not trying to conceal anything and would save the usual penalizing procedure which comes when a return is filed incorrectly. Some of the penalties, the causes for levying them and the ways to avoid them were mentioned by Mr. Sprague. He closed with an explanation of the various kinds of claims which are filed with the internal revenue commission and told what procedure was necessary in filing them.

The audience was disappointed because Mr. Sprague did not allow questions to be asked from the floor after his address was over. The chamber of commerce announced that this would be permitted, but Mr. Sprague preferred to confer with individuals after the meeting was over.

Mr. Sprague will deal with the income tax in his address of December 15. He states that he will be glad to answer all questions from the floor at that time. It will be an evening meeting, the place to be announced later.

College Alumnae PREPARE PROGRAM Application of College Course Will Be Discussed by Valley A. C. A.

The Fox River Valley Association of Collegiate alumnae has completed its program for the coming year. The subject for discussion for the year will be "The Application of a College Course." Dr. Frances Foster lectured on "College Alumnae as Continuing Students" at the meeting Nov. 18. There will be a social meeting Dec. 11.

Mrs. Adam Remely will lead a discussion on "College Alumnae in Home Economics," Jan. 8. "College Work and Industrial Relations" will be discussed by Miss Mary Baker, Feb. 12. Dr. R. M. Bang will lecture on "How a College Education Aids in Understanding the Natural World," March 12.

Mrs. Mary B. Housel will lead a symposium on "College Education for Women" April 9. Miss Constance Johnson will address the final meeting May 14 on "College Work and Community Service".

Officers elected for the year are: President, Dr. Frances Foster; vice-president, Mrs. J. S. Reeve; secretary-treasurer, Mrs. G. P. Hewitt; corresponding secretary, Mrs. Stephen C. Rosebush; chairman membership committee, Miss Daisy Ingold; chairman scholarship fund, Mrs. James Wood.

If you have Catarrhal Deafness or are hard of hearing or have head noises go to your druggist and get 1 ounce of Parminit (double strength), and add to it 1/4 pint of hot water and a little granulated sugar. Take one table-spoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who has Catarrhal Deafness or head noises should give this prescription a trial. adv.

Brusewitz Not Satisfied With Road Work Progress

Highway Commission's Report Reveals Difficulties Encountered.

In presenting his eighth annual report to the county board Wednesday, A. G. Brusewitz, county highway commissioner, said he was not satisfied with it, due to the cement situation last summer. "The Wisconsin highway commission entered into contract with the various cement mills," he said, "to the amount of 600,000 barrels. Out of this amount an allocation was made to the counties according to their requirements as reported by them.

"Outagamie county was to have 10,000 barrels which is the required amount to complete the roads contemplated and contracted for outside of Federal Aid Project No. 58. However, later in the construction we

learned that it was impossible for the state to furnish the cement as allocated to the counties for their work. This necessitated the calling of a material conference at Madison to consider the conditions and learn what could be done, as at that time a good many miles of road had been graded, ready to lay concrete. As a result of this meeting we learned that it would be impossible for the mills to furnish the cement as allocated to the respective counties, and after careful study and due consideration it was determined that only the most important roads could be built.

Couldn't Get Cars

"After thinking that all arrangements had been made to complete the roads in our county then under construction, we found ourselves in a very serious position on account of not being able to have the railroads furnish us with equipment to haul

Patrol Work Failed

"The patrol work in our system has this year, in my opinion, been an improvement over that of last year, as most of the older patrolmen succeeded themselves and were better able to produce more and efficient work on account of their previous experience, although there is still room left for improvement on the part of the patrolmen's work in general. But taking everything into consideration under all weather conditions and the condition of the roads in general, so far as my knowledge goes, in this work and the appreciation expressed by the taxpayers in general, our patrol work has been of fair quality.

"The expenditure for this patrol work last year amounted to, on both federal and county work, \$35,000, of which \$20,000 has so far been spent on county patrol work, and in my estimation, for the succeeding year's work covering the county control and county-state road and bridge fund, we need an amount of practically \$40,000, and would therefore recommend that this amount be appropriated at this session of the board, as it

JOHN D. WINKINGER

YELLOW TRAIL TO REMAIN IN STATE

Chamber of Commerce Notified That Trail Will Not Be Re-routed.

Assurance has been received by the chamber of commerce from H. O. Cooley, general manager of the Yellowstone Trail association that the location of the trail will not be changed. The urgent request of the Wisconsin people as voiced in the state meeting of the association at Oshkosh last week led to the decision to abandon the plan to re-route the Yellowstone highway through Iowa.

Mr. Cooley's letter is accompanied by an official report of the Oshkosh meeting. It shows a total traffic of 14,131 automobiles for a thousand miles or more continuous trip, carrying 45,236 people. The records also give names, addresses and car numbers of 19,934 automobile parties between Chicago and the Twin Cities, which is more than 40 per cent of the entire auto traffic between these two points for 1920. This makes the Wisconsin portion of the trail the heaviest travelled cross state road for interstate cars in Wisconsin, delivering Wisconsin \$347,130 in new money from tourists.

New construction in Wisconsin on the Yellowstone trail for the year amounted to \$790,000 and maintenance of \$33,750. This was an average of \$2,058 to the mile for 410 miles. The average to the mile for the Wisconsin trunk line system was \$1,020, the trail receiving a little more than twice the average for the state system.

The next annual meeting is to be held at Stevens Point sometime before January 1, 1922, providing that city pays its assessments before that time.

MUST REMOVE WEEDS TO KEEP ROADS SNOW-FREE

Farmers can help themselves and others who use the country roads in winter by cutting down any weeds or brush that might be growing along the roadsides, postoffice officials state. The time is not far away when snow will be coming and the roads will be drifting in.

Removal of weeds and other growth will help materially to keep the roads free from deep drifts, it is stated. The grass stops the blowing snow and it piles up on the roads. Were there no obstruction, the snow would keep on going and would collect elsewhere.

If each of the farmers would see that the road in front of their farms was cleared of weeds and brush, it would help the rural mail carriers and incidentally help the farmers themselves, say the officials.

WHAT'S YOUR HUSBAND DOING?

THERE is a big difference between Calumet and all other Baking Powders.

First—you see it in the cost. Calumet is sold at a moderate price.

Then—you observe it in use. Calumet has more than the usual leavening strength, therefore less is required.

Next—you notice it in raising quality—in the evenness—lightness and texture of your bakers. They look better—finer grained.

"S-o-m-e Biscuit!"

"BEST BY-TEST"

CALUMET BAKING POWDER

Finally—what a difference in the taste. There is a deliciousness, a goodness that can be had in no other manner. Biscuits, pies, cakes, muffins, doughnuts—never were so tasty—so all satisfying.

And then there is the satisfaction of knowing that Calumet is made in the World's largest, best equipped and cleanest Baking Powder Factories.

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.

Calumet Biscuit

Recipe

4 cups of sifted pastry flour, 4 level teaspoons Calumet Baking Powder, 1 level teaspoon of salt, 2 rounded tablespoons of butter or lard, 1/2 cup of milk, 3/4 cup of water. Then mix in the regular way.

STEVENS POINT TO BUILD NEW HOTEL

Chamber of Commerce Pushes Plan for New Five Story Hostelry.

Stevens Point.—A modern \$500,000 hotel for Stevens Point, five stories in height with 125 rooms, will be constructed at Clark street and Strong avenue next year. Plans have been completed by the directors of the Chamber of Commerce after two months of intensive planning. Options have been secured on an entire city block, known as the Jacobs property, and the present Jacobs hotel will be used as an annex when the new building is completed.

Two companies have been organized and articles of incorporation filed with the secretary of state for each, one to be known as the Stevens Point Hotel company with a capitalization of \$250,000, and the second the Stevens Point Hotel Real Estate company, with a capitalization of \$75,000.

WILL Widen Avenue Practically every building, a half dozen in number, on the west side of the new hotel block will either be torn down or removed by the time the new building is completed and the street,

Strong avenue, widened ten feet the entire distance of that block. The hotel will be completed by Jan. 1, 1922, if plans materialize. It will be leased to an operating company by the Chamber of Commerce for a long term of years on a rental basis. Directors of the Chamber are the incorporators of both companies. Stock will be sold locally. No one citizen will be permitted to invest in more than \$500. Stores to be located in the structure will be leased directly by the hotel company. The operating company will be required to furnish the building in its entirety, at a cost estimated at from \$100,000 to \$150,000.

Near \$500,000 Investment

The entire project, including purchase of lands, represents an investment of nearly \$500,000, and is the biggest civic venture ever undertaken in Stevens Point. Architects from Chicago, Milwaukee and Minneapolis are submitting designs for the new building, the exterior of which will be reminiscent of colonial days and suggestive of the unique architecture of the Carvel house at Annapolis. The exterior wall surface will be a mixture of colonial brick in Flemish bond and stonecote.

The group partaking in the conversation was composed of foreigners, some of whom were sufficiently identified by the writer to make possible their apprehension.

The board of directors of Outagamie Equity Exchange, which celebrated its first anniversary Thursday, Nov. 17, has just declared a seven per cent dividend to the 300 original stockholders, checks for which will be mailed out within the next few days. The Exchange did a \$400,000 business during the first year of its existence. It started out with a capital of \$50,000 which has since been increased to \$150,000 and the number of stockholders has increased from 300 to 400. An extensive expansion program has been planned for the coming year.

THREATEN JUDGE IN KENOSHA CASE

Judge Belden Warned That Foreigners Are Plotting Against Him.

Kenosha—After three hours of deliberation, the jury in the case of Frank Lang, on trial charged with the murder of Charles Pacini, Kenosha "theater king," retired at 8:50 Thursday night without reaching a verdict. It was announced in circuit court by Alex Ritter, bailiff.

Threats against Judge E. B. Belden and other men prominent in the trial of F. Lang have been reported in writing to the judge.

Judge Belden admitted this sensational development just as Calvin Stewart, representing the Pacini family, was about to close the arguments in behalf of the prosecution.

The judge admitted that he had received a letter from a prominent Kenosha woman, whose name he refused to reveal, but in whose veracity and well meaning he has complete confidence. He instigated an investigation of the matter immediately.

Foreigners Made Threats

The letter recited at length and in great detail a conversation which the

TWO WOMEN ARE HURT WHEN AUTO HITS POST

Two people were injured when an automobile driven by Rudolph Konz, 802 Oneida street, ran into the traffic post at the corner of College avenue and Oneida street Wednesday evening.

The occupants were Mrs. Bertha Peotter, 810 Second avenue, and her daughter, Mrs. A. O. McCallister, 1025 Oneida street. Both were thrown

against the body of the machine by the impact of the collision. Mrs. Peotter, who is 65 years old, suffered a painful wound on the head and another on the side of her face. Her shoulders were also bruised. Mrs. McCallister had her knee bruised and suffered a cut on the forehead. Both women were given medical aid and taken to their homes.

The bumper of the automobile was broken and a fender bent. The driver was unhurt.

BLIND EVANGELIST TO HOLD MEETINGS HERE

Walter Jeffries, blind musician and evangelist will hold daily services at the Salvation Army Hall, starting at eight o'clock Saturday evening, and continuing for a week. Mr. Jeffries is a splendid musician and soloist. He has been blind all his life and graduated with honors from the school for the blind at Lansing, Mich. For a number of years he traveled with a musical company as pianist and soloist, in which capacity he received a splendid salary. He met the Salvation Army, became converted and joined the organization. He is unexcelled as a musician in the army. Mr. Jeffries conducted a series of meetings here about two years ago.

any order can be issued by the commission.

It is understood the railroad officials admit that there is some room for improvement and are willing to place a swinging signal at their crossing. The interurban crossing is probably 100 feet from that of the steam road, and at a different elevation. It is admitted that to construct a subway under the two railways as has been proposed would be very expensive and it is doubtful if this will be ordered by the Commission, despite the fact that the traffic on Highway 18 is admittedly heavy. But it is more than likely the engineers of the Commission, when they have examined the project, studied the records in the ~~area~~, will recommend that the grade leading the railroad crossing be raised farther back to give a plainer and earlier view of the crossing, and that the railroad company be ordered to place a swinging signal at the crossing which will be operated when a train is approaching in either direction, to replace or supplement the bell which is now rung. However, it is doubtful if any thing can be done before spring.

OHIO AND ILLINOIS IN FEATURE BATTLE

Big Ten Championship Hinges
on Game in Urbana
Saturday.

By United Press Leased Wire
Chicago.—Illinois and Ohio State will clash at Urbana tomorrow in the game which will decide the western conference football championship. If Ohio State wins, she will have completed the season without a defeat. If Illinois succeeds in defeating Coach Wilce's eleven, there will be a three-sided tie for first place—Illinois, Ohio and Wisconsin, provided the Badgers beat Chicago.

Although the game at Urbana will overshadow other western contests several other important games are scheduled. Wisconsin and Chicago will play on Stagg field. While the Badgers are expected to win the mid-

way crowd is prepared for a hard fight.

Considerable interest centers in the Notre Dame-Northwestern game at Evanston. If Notre Dame wins by a good score, the South Bend team will probably claim the western championship—it Ohio should lose to Illinois, Notre Dame and Ohio are the two western teams which have not been defeated this season.

Minnesota, which has not won a conference game this season, will make a great effort to defeat Michigan at Minneapolis.

Indiana and Purdue will settle their family quarrel at Lafayette, Indiana. Indiana lost but one conference game this year—to Iowa, although they were beaten by Notre Dame.

GIRLS' CAGE TEAM TO
PLAY SEYMOUR SQUAD

The girls' basketball team of the recreation department of The Women's Club will play the first out of town game of the season with the Seymour high school girls' team at Seymour Friday evening. The team is picked from the "Tigers" and the "Red Sox". The personnel is as follows: Helen Weeks, Dorothy De Young, centers; Margaret Peeter and Gladys Kranhold, forwards; Rose and Katherine Feeler, guards. Virginia Johnson and Ella Griesbach, sub-wards, and Irene and Esther Heiss, sub-guards. Miss Ruth Marvin, girls' physical director of the Appleton high school, will act as referee. Miss Adaline McKee, who has coached the girls, will also accompany them.

The girls will leave the Woman's Club rooms at 6:30 o'clock after chocolate has been served. They will make the trip in busses and cars. Miss Estelle Chamberlain will go as cheerleader, and it is expected that a number of rooters will attend.

Nearby cities are negotiating for games with the team.

RED CROSS AID IS ALWAYS AVAILABLE

Family or Community Disaster
Will Find Organization
Ready for Work.

The Outagamie Red Cross chapter stands ready to help any crippled child if it is possible to treat or cure the case. Every time a child is rendered capable of making his own way, it means that one less dependent will be thrown upon the mercy of relatives or becomes a public charge.

STILL THE GREATEST
MOTHER IN THE WORLD

The town of Maine had a helpless boy, Clifford. He could walk only on his toes, and therefore had difficulty to even use crutches in getting around. He was unable to attend school and had to have the constant help of his parents.

Miss Esterhae Schultz, county Red Cross nurse, learned about his case. His feet were perfect in form and it appeared only a matter of securing proper treatment so that boy could walk on them. This treatment was provided by the Junior Red Cross with the assistance of the health center and Clifford soon began to improve. He has reached the point where he can use his feet and walk or run like any normal boy. He has entered school and counts himself fortunate that his future is not that of a cripple, due to the Outagamie Red Cross chapter.

Health Improvement

The health interests have been advanced materially through the chapter.

Miss Schultz has examined 1,735 school children in the rural districts since her employment last February.

and has made 582 visits to homes. Miss Elizabeth Nienhaus, city nurse, has made 493 visits in the three months she has been employed, and has nursed 153 patients. Miss Mary Nigl of the Kaukauna branch started work in July and has visited 174 homes, or a total of 472 visits to patients. She has made 95 instructive visits and has investigated 132 cases.

Some of the cases handled by the nurses include tuberculosis, maternity, prenatal, infant welfare, crippled and defective children. There are also a number of chronic sufferers in the county who need care and are helped and comforted by regular visits of the nurses. They are often called into homes to render special aid.

Calms Hysteria

A fire broke out in an Appleton home this summer, consuming a portion of the house and the family's belongings.

The wife was home alone, and was distracted to the point of nervous collapse over the calamity.

Neighbors and friends could neither quiet nor comfort her, but Miss Nienhaus happened to be in the neighborhood and hastened to render assistance.

Within a few moments she had gained the woman's attention and induced her to retire to the home of a neighbor. She did this and her hysteria gave way to a calm willingness to bear her misfortune.

Half the money realized from the 1921 Red Cross roll call stays in Outagamie county to keep up this and other useful community service.

Almost a Shadow, Afraid to Eat

"My son-in-law was so bad from stomach trouble that he was reduced to almost a shadow and was afraid to eat anything, as all food caused floating of gas which pressed against his heart, worrying him much. Our druggist persuaded him to try May's Wonderful Remedy and in two months he looked fine, can eat anything and works hard every day." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and relieves the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. STEEL FALLS OFF
TO NEW LOW LEVEL

Sharp Break in Stocks Features
Trading in New York
Today.

By United Press Leased Wire
New York—United States Steel
closed at 80¢ a new low for the year,
today with prices easier in almost every
line. A sharp break in a number of
stocks at noon was followed by ir-
regular period during which short cov-
ering and directors' reports bolstered
some of the lines.

The temporary rest was followed by
other declines with the final break in
steel coming in the last half hour.
Crucible held above the low of the
day but in the last half hour was off
10 points at 89½.

The call money rate was six per
cent late in the day.

Traders found nothing in the news
to cause unusual depression but the
feeling was bearish and few stocks
drew real support.

HOG PRICES TODAY ARE
LOWEST SINCE IN 1917

By United Press Leased Wire
Chicago—Hogs slumped again to
day on leading livestock exchanges of
the country, record low levels since
1917 being established.

Cleveland, Ohio, reported the big-
gest drop; the market falling off 65
cents at the opening. Declines of fifty
cents were recorded at Indianapolis
and Chicago. At Kansas City, prices
ranged from \$1.00 to \$1.65, new low
for the last four years.

The drop, according to traders, was
due to flooding of markets.

Hog receipts here today totalled
27,000. Left-overs from yesterday
were more than 15,000.

Best grades of hogs reached the low-
est price since 1917 on the East Buffal-
eo market today. They were quoted
at \$12.50.

It was predicted by livestock men
that the price will go still lower be-
cause of the drop in the price of corn.

Julius Kahn, who submitted to an
operation five weeks ago at Mayo hos-
pital, Rochester, Minn., returned home
Thursday. He is said to be making
rapid progress toward recovery.

F. Puls of Sheboygan spent Thursday

TIN CAN ALLEY BOYS WALLOP FRANKLIN TEAM

The Franklin school boys were defeated in basketball Tuesday evening at Bushey gymnasium by the Tin Can Alley boys, 52 to 2. The game was without any exciting moments, a mere walkaway for the alley boys. Lawrence Reinken starred for the winning team.

Three Got Patents

Patents were issued to three Outagamie county inventors, in the last few weeks by the United States bureau of patents, according to Young and Young of Milwaukee. The patentees are Earl J. Davis, Appleton, who invented a rail fastener; Edward F. Withuhn, Appleton, washing machine; and Louis Mayer, Kaukauna, thistle eradicator.

BUSHEY'S BLOW LID OFF CAGE SEASON

First Big Game of Year Will Be Played at "Y" This Evening.

Bushey business college basketball team will lift the lid of the 1920-1921 cage season this evening when it clashes with a team made up of Ripon stars at the Y. M. C. A. The Bushey team, always one of the strongest in the state, is expecting a hard battle inasmuch as the Ripon aggregation is made up largely of former college men.

Lawrence students are showing more interest in the coming basketball season. The students are particularly interested in the movement to secure the armory for the use of the team so that it will be in a position to cope with the strongest in the state.

There is a possibility that the team will make a tour outside of the state after the conference schedule is completed. Thus far, it is expected, will be one of immense advertising value to the college and will give alumni, living outside of Wisconsin, a chance to see the team in action.

Nothing has been done at the high school as yet with reference to the basketball season. The school right now is engrossed in football and will not consider the winter game until the gridiron season is ended.

BLUE AND CRIMSON PLAY ANNUAL GAME

Expect Crowd of 80,000 Will See Feature Battle in Yale Bowl.

By Henry L. Farrel, United Press Leased Wire

New York—Oil in the football lamp is running low. Just a few more puffs and flickers and the light will go out for 1920.

Few bright spots shine on tomorrow's card which is practically the end of the season.

The multi-colored lens will be focused on the Yale bowl where Harvard and Yale play for their twenty-third annual game. While it is brilliant as a spectacle with all its traditions behind it and with a crowd of about eighty thousand looking on, the Yale-Harvard sette lacks a tittle at stake.

For a real honest-to-gosh battle, the Lehigh-Lafayette game should be one of the best of the day. Little Lehigh which scared Penn State pale last week, is considered the favorite.

Dartmouth, scampering after second place in the eastern race, takes on Brown, the worst stumbling block in these parts.

All kinds of honors will be heaped upon the sage who predicts the winner of that game or the size of the score.

HIGHS READY TO TACKLE BAYMEN

Two High Calibre Championship Games to Be Played on Saturday.

All roads will lead to Green Bay tomorrow.

The high school football team will receive its last workout at Lawrence field this afternoon and tomorrow will be set for the game which will determine its position in the state championship squabble. A victory for either Appleton or East Green Bay eliminates the loser.

Preparations are being made at Green Bay to accommodate the largest crowd of the season. It is believed more people will see that game than the one played between East and West side high schools on Armistice day.

Another championship battle of more than usual interest will be staged tomorrow when Superior and Antigo meet in an effort to eliminate each other. The winner of that game will play Madison which succeeded in driving out several western contenders for the championship. If Appleton defeats Green Bay, an effort will be made to play the winner of the Madison-Superior-Antigo series for state honors.

Only five teams remain in the race and two of those will be eliminated by tomorrow night, leaving three to fight it out for state honors.

Practically the entire Appleton high school student body will accompany the squad to Green Bay, it was learned this morning. In addition several hundred townspeople will make the trip.

WHAT'S YOUR HUSBAND DOING?

SAGE AND SULPHUR DARKENS GRAY HAIR

It's Grandmother's Recipe To Restore Color, Gloss and Attractiveness

Almost everyone knows that Sage Tea and Sulphur properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago, the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two your hair becomes beautifully dark, glossy and attractive. adv.

RIPON AND BELOIT SEEK SECOND PLACE

Hard Battle Is Expected at Ripon Saturday—Gustin Will Not Play.

Both Beloit and Ripon have been going through strenuous practice all week in preparation for the final game of the Little Five season. The game will be played at Ingalls field, Ripon, on Saturday, and the victor will be awarded second place in the final standings of the conference teams.

The record dope of the two teams seems somewhat muddled. Ripon lost to Lawrence by a larger score than did Beloit. Both elevens defeated Carroll, Ripon by a 17 to 0 score, and the Gold by a 0 to 0 score. The Crimson handed Northwestern a 30 to 0 beating, while Beloit trounced them to a 4 to 0 tune. Knox took Mill's warriors into camp by a 16 to 0 score, while Ripon defeated the Illinois champions with a 7 to 3 count. The dope looks about even, with a slight shade in Ripon's favor.

Ripon will, however, be minus the services of its clever captain, Gustin, who is almost a team in himself. Beloit's captain, McCarthy, is also out with injuries. Beloit's eleven has improved immensely lately, and Gold backers are hoping for victory. Mills has a slashing backfield to depend on, and all the Gold line holds. Beloit has an even chance to win. On the other hand, the comeback Ripon showed against Knox, after the latter had shut out Beloit, makes the center state team a favorite for winner of the contest.

Besides the second place position to fight out, the rivalry of the two teams must be considered. Since 1905 records show that both teams have won six and lost six battles. This year's game will split the tie.

DEMPSY WILL FIGHT BRENNAN DECEMBER 14

By United Press Leased Wire
New York—Champion Jack Dempsey and Bill Brennan, Chicago heavyweight, will meet in a 15 round bout in Madison Square Garden Dec. 14. The state boxing commission, after lifting the ban on heavyweight encounters, sanctioned the application of Promoter Tex Rickard to stage the bout.
